

TPI Certified Level 1

7th and 8th of Novembre Amsterdam

The two day course is designed to teach you how to identify and overcome any physical restrictions that are limiting your student's potential. The workshop examines in detail the "Big Twelve" swing faults and their physical correlates, how to identify them via simple screening tests that can be carried out on the range and how to prescribe simple exercises to correct them.

Certified Golf Fitness Instructor Level 1

- Learn the major physical performance factors that limit most players from reaching their potential.
- Understand how to effectively screen and identify any physical factors that are limiting a player's performance.
- Differentiate yourself from other golf, medical, and fitness professionals because of your increased knowledge base and expertise.
- Increase your annual income and overall profitability.
- Enhance your credibility by gaining the ability to add TPI Certified Golf Fitness Instructor to your resume.
- Know how to choose and prescribe customized drills and exercises to help eliminate these limitations for good.
- See how to use 2 and 3-Dimensional motion technology to analyze performance potential and swing mechanics.
- Be able to seamlessly incorporate this into your existing practice or methodology.

Certified Golf Fitness Instructor Level 1

After the Level One Workshop, participants can go to MyTPI.com and take the online test to become certified by TPI. After completing the test with a passing score, you will be a TPI Certified Golf Fitness Instructor (C.G.F.I.), and have the privilege to put those letters after your name. You will also earn eligibility for registration into our Level 2 and Level 3 courses.
